HOUSE BILL 134 SIGNED INTO LAW!

On March 4, Governor Freudenthal signed the “Natural Resource Large Project Funding” bill into law. The bill approved funding to benefit a diverse array of habitat and land conservation projects - including five easements WSGALT is working on in collaboration with The Conservation Fund, the Jackson Hole Land Trust, and the WY Game and Fish Commission. “The willingness of the WWNRT Board to commit funding early in the development of our projects has been a tremendous boost to the Stock Growers Land Trust’s ability to garner additional funds,” said Pam Dewell, Executive Director, “and the support of our legislature will help leave Wyoming’s wide open spaces as a lasting legacy to future generations.”
