

The Wyoming Stock Growers Land Trust is the only state-wide land trust with a focus on conserving Wyoming's farms and ranches, which not only provide our food and fiber, but also our important wildlife habitat, rich history, and endless views.

The Annual Roundup Fundraiser and Barbeque serves as our largest annual fundraising event. The funds raised at this event directly support our conservation and stewardship efforts, and help to educate producers and the public about agriculture and conservation.

We hope that you will consider supporting a year of agricultural conservation by becoming a sponsor of the Annual Roundup Fundraiser and Barbeque. Our organization is working arduously to ensure that our agricultural landscapes and wildlife habitat are thriving for generations to come. We believe that together, we can keep Wyoming, "Wyoming".

Tickets for two guests.

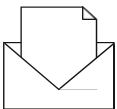

Event Sponsor Marketing Benefits

Recognition of your business or organization in front of a 250-300 person audience.

Promotion of your business on our Twitter, Instagram and Facebook pages.

Your name or logo will be included on the event invitation and the event program.

Your name or business will be highlighted in the WSGLT newsletter and will be thanked in the Wyoming Livestock Roundup.

The Impact of Your Sponsorship

Help to conserve our local farms and ranches that provide food for the world.

WSGLT has conserved 236,912 acres of Wyoming's productive ag-lands.

These ag-lands provide waterways, wildlife habitat and migration corridors.

Your support enables us to provide educational opportunities for both agricultural producers and the general public.
